

## Extended Accredited Courses 4-19 years

For the attention of:-

### Youth Leaders, Connexions PAs, PHSE coordinators, Careers teachers, Heads of Keystage 4.

It is recognised by the DfES and the County that young people of 14 -19 years need access to a wide variety of accredited course. These courses may supplement the school based curriculum depending on individual need and interest.

A working group including representatives from Study Support, Residential Education, Youth Service, Sports Development and Training and Support have produced a matrix of courses that are available within the county. Courses vary in length from a few days to a whole academic year and offer different levels of accreditation.

Costings are detailed where possible. However, due to the nature of the course, the different providers, the criteria for accreditation and the number of students it is difficult to assess precise costs. Some courses will be customised to individual need

The matrix will be updated every term. It will be helpful if colleagues can feed back views and comments on the development of this area of work.

The matrix is available from the following links:-

**SPORTS** [www.northamptonshiresport.org](http://www.northamptonshiresport.org)
